

Calligraphy Course for Adults

書道講座(社会人対象)

As part of its Japanese language program, the Japanese German Center Berlin (JDZB) offers an open access calligraphy course that requires no prior knowledge of calligraphy or Japanese. You will learn to use a brush as if painting a picture, while naturally picking up Japanese characters as you go. Students are instructed individually and get to choose their own days of instruction.

To register, please contact Ms. SEKIKAWA Fujiko (Head of Language Services at JDZB, fsekikawa@jdz.de). Alongside your registration form, you will receive relevant information on data privacy protection. Please fill in and submit the registration form.
